PARATE

The Tropical Agriculturist.

The Agricultural Journal of Ceylon.

Founded 1881.

Published by
The Department of Agriculture,
Peradeniya.

Vol. XCV

Containing Numbers 1 to 6,
July to December, 1940.

J. N. A 2683–1,205 (3/41)

INDEX

Volume XCV July to December, 1940

Number	Month	Pages
1	July	1–68
2	August	69–128
3	September	129–202
4	October	203–264
5	November	265–322
6	December	323–380

A

Agriculture in Kashmir, 16

Agriculture in French North Africa, 84

Aleurites sp., cultivation in the United States, 180

Analysis of Ceylon foodstuffs, the, 136, 339

Animal Disease Return, 66, 127, 200, 262, 321, 379

B

Bacillus solanacearum E. F. S., 73, 75

Banana flour, 57

Banana in relation to human nutrition, 307

Bandakka, 151

Bee exhibition, the first All-Ceylon, 90

Bitter gourd, 154

Board of Agriculture, Central, 265

personell of the, 356

Botryodiplodia theobromae Pat. (internal root rot of tea), 77

Bottle gourd, 156

Breeding of herbage plants in Scandinavia and Finland (Review), 198

Breeding of plants and the production of better seed, 358

Brinjal, 153

Budgrafting, notes on, 105

C

Calves, scour in, 318

Capsicum, 157

Cattle and rotational farming in the dry zone (Editorial), 323

Central Board of Agriculture, report of the proceedings of, 120

personell of, 356

Cephaleuros parasiticus Karst (red rust of tea), 74

Cercospora nicotianae E. & E. (frog-eye of tobacco), 74, 131

Charcoal, coconut shell, 99

C

Cigarette tobacco, frog-eye disease of, 131

Coconut estates, the utilization of husks on, 51

Coconut poonac as manure, 3

Coconut Research Scheme, minutes of, 59, 259, 371

Coconut seed selection for germination, a study on, 295

Coconut shell charcoal, 99

Cotton (Editorial), 203

trials in Ceylon on, 212

Cowpea, 157

Cucumber, 158

D

Disease of plants in Ceylon, its incidence in relation to environmental factors, 72

Diseases of tobacco in Ceylon, some studies on, 8

E

Editorial, 1, 69, 129, 203, 265, 323

Egg laying records of imported pullets, 49

Eggs, factors influencing the fertilization of, 177

F

Fertilization of eggs, factors influencing the, 177

Flour, banana, 57

Flowering of rice under tropical conditions, 205

Fomes lucidus Klotzsch (root-rot of coconuts), 74

Fomes noxius Corner (brown rot of tea and rubber), 74

Food production (Editorial), 69

in the wet tropics, 117

Foodstuffs, the analysis of, 136

the storage of (Editorial), 1

storage in the Colonial Empire, 29

French North Africa, agriculture in, 84

Frog-eye disease of tobacco, 8, 131

Fusarium oxysporum Schl., 73

INDEX

G

Grain, the storage of, 1, 30

Grassland investigation in Australia (Review), 62

H

Hambu (*Typha javanica* Schnizl.), 218

Hemileia vastatrix B. & Br. (Coffee rust), 74

Honeys, Ceylon, the composition of, 339

Horticultural Division of the Department of Agriculture, work in progress in the, 350

Husks, the utilization in coconut estates of, 51

I

Iron slags, local, the phosphate content of, 196

Irrigated lands, water-logging of, 278

K

Kashmir, agriculture in, 16

L

Laying records of pullets hatched from eggs imported by air mail, 49

Lime for the land, 366

Luffa, 159

M

Manual of tropical citrus culture, a (Review), 377

Manure, coconut poonac as, 3

Manuring programme for replanted rubber clearings, 225

Manuring of young palms, 227

Manuring, war-time, 249

Matale Vegetable Show, July 1940, 147

Meteorological report, 67, 128, 201, 263, 322, 380

N

Nitrification, periodicity of (Tea area), 325

Nutritive value of rice, the, 239

P

Paddy crop, the relation between grain and straw weight, 142

Paddy cultivation, 95

Paddy, rotation with other crops (Editorial), 129

Palms, manuring of, 227

Palmyra products, the nutritive value of, 339

Periodicity of nitrification, tea area, 325

Phosphate content of local iron slags, 196

Phytophthora palmivora Butl, 73

Plant breeding and the production of better seed, 358

Plant disease in Ceylon, its incidence in relation to environmental factors, 72

Plant nutrition, physical properties of soils that affect, 232

Plasmodiophora brassicae Wor. (Club-root of cabbage), 73, 74

P

Poonac, coconut, as manure, 3

Potato crops on small areas, 313

Poultry notes, 165

Pseudomonas citri Hasse, 73

Pythium sp., 72, 74

R

Rhizoctonia solani Kuhn, 72, 75

Rice, the factor which stimulates its flowering under tropical conditions, 205

Rice, the nutritive value of, 239

Rices, the composition of red and white-testaed, 136

Roads and their relationship to soil conservation, 169

Root crops, the storage of, 45

Rosellinia arcuata Petch, 77

bunodes B. & Br., 77

Rotational farming in the dry zone, cattle and (Editorial), 323

Rotation of paddy with other crops (Editorial), 129

Rubber budgrafting, notes on, 105

programme of manuring for replanted clearings, 225

seedling nurseries, notes on, 288

Rubber Research Scheme, minutes of the, 192, 255, 374

S

Scour in calves, 318

Snake gourd, 160

Soil conservation, roads and their relationship to, 169

Soil erosion and the cultivator's responsibility, 112

Soils, physical properties that affect plant nutrition, 232

some forest and other characteristic types of the wet and dry zones of Ceylon, 268

from termite mounds and adjacent lands, a comparison of, 333

Sphaerostrilbe repens B. & Br. 73, 78

Storage of foodstuffs (Editorial), 1

Studies on Ceylon soils, 268, 333

T

Termite mounds, a comparison of soil from, 333

Thielavioposis paradoxa Dade, 73

Tobacco :

diseases in Ceylon, some studies on, 8

frog-eye disease of, 131

preparation of land, transplanting and after-cultivation, 79

Tomato, 161

Tung oil industry of the United States, 180

INDEX

T

Typha javanica Schnizlein (*Hambu*),.. 218

V

Vegetable breeding, objectives in, 344

Vegetable variety trials at Matale, Tabbowa, and Karadianaru, 1937–40, 149

Vagetables, local, vitamin C contents of, 136

Vitamin C content of local fruits, fruit products, and vegetables, further investigations on, 136

W

War-time manuring, 249

Water-logging of irrigated lands and remedial measures, 278

Wel-marukku, eradication from paddy fields, 294

ILLUSTRATIONS APPEARING IN Nos. 1-6, VOL. XCV.

	Facing page.
Arrangement of husk pits ..	57
Marker (for planting tobacco) ..	79
The hive which spanned the entrance to the first All-Ceylon Bee Exhibition..	90
Types of charcoal kilns ..	105
Luffas 28–30 inches long exhibited at the Matale Vegetable Show ..	147
Safety zone or "Massa" for poultry at Ambepussa	166
Poultry house at Ambepussa ..	166
Kerosene tin "drinker" ..	167
The "cliff" patent valve and drinking trough	167
The effect of the length of day on the interval between the sowing and flowering of Ceylon paddies ..	207
Hambu in water, in tank (Epalogama)..	219
Hambu on bank of water-course (Tabbowa)	219
Paspalam dilatatum at Nikaweratiya ..	219
Kikuyu grass six weeks after planting..	219
Hambu in a tank (Epalogama, July 1940)	219
Hambu in a water-course (Tabbowa, July 1940)	219
Habit of *Hambu*	219
Hambu, *Typha javanica* Schnizlein ..	220
Distribution of *hambu* in Ceylon ..	221
Graph illustrating the presence of nitrates on a Dimbulla tea area ..	328
Graph illustrating the presence of nitrates on a Badulla tea area ..	330
A typical conical termite mound ..	333
A conical termite mound encircling a tree	333
Low hemispherical termite mounds ..	333
A vertical section of a termite mound ..	335
